III. STAFF & COMMISSIONER'S COMMUNICATIONS

Planner Kirsten Whetstone noted that a copy of the Treasure Hill traffic study was provided to each Commissioner. She stated that review of the traffic study was scheduled for August 24, however the Planning Commission may not have a quorum on that date and it could be re-scheduled for September 14.

Commissioner Volkman asked if the engineers who performed the study would attend that meeting. Planner Whetstone stated that they would attend. It will also be noticed for public hearing. Chair Barth wanted to know when the traffic study would be released to the public. Planner Whetstone replied that the study is already available at the planning counter.

Chair Barth announced that all the Commissioners will be out of town on August 24 and the Planning Commission meeting will be canceled. Planning Director Putt stated that the Staff will address the noticing issue and reschedule the August 24 items to the September 14 meeting. The Staff will do whatever they can to issue revised notices and to get public service announcements on the radio to inform everyone of this change.
